

Bay Area Vegetarians were instrumental in helping us fill the 900+ seats at Herbst Theatre for the San Francisco premiere of Peaceable Kingdom. Working from 3,000 miles away with a group of people we had never met in person could prove quite a challenge! But thanks to the professionalism, hard work, creative thinking and team spirit of Bay Area Vegetarians and all the other regional groups they worked with, we were able to make magic together for one very special evening. Over a year later, we are still hearing from people whose lives were touched by that event. To me, this experience represents the best of what's possible when people work together to make a difference in their community.
